

St. Monica Student Acceptable Use Policy

The St. Monica Parish School (hereafter referred to as “St. Monica”) offers Internet access as well as St. Monica provided technology (e.g. computers, software, etc.) for student use. This document contains the Acceptable Use Policy (“AUP”) for student use of all computers, software and Internet access while at St. Monica (hereafter referred to as the “St. Monica Computer Network”).

The Internet links thousands of computer networks around the world, giving St. Monica students access to a wide variety of computer and information resources. In general, electronic traffic passes freely in a trusting atmosphere with a minimum of constraints.

St. Monica does not have control of the information on the Internet. Some sites accessible via the Internet may contain material that is inappropriate for educational use in a Catholic K-8 setting. St. Monica faculty and staff, St. Monica administrators and St. Monica Parish do not condone the use of such materials and do not permit usage of such materials in the school environment.

St. Monica Parish School specifically denies any responsibility for the accuracy or quality of information obtained through its internet accounts.

Student Guidelines Overview

Students are expected to conduct themselves in a moral and appropriate manner at all times. This expectation extends to student use of the St. Monica Computer Network and other St. Monica technology resources. It also extends to a St. Monica student’s use of technology outside of school if that use is directed at St. Monica, St. Monica faculty or staff, St. Monica students, and/or the St. Monica Parish.

This AUP is designed to serve as a guidepost for appropriate student use of the St. Monica Computer Network and other technology provide by St. Monica. Any action by a student that is determined by a member of St. Monica’s faculty, staff, or administration to constitute an inappropriate use of the internet access or technology at St. Monica is a violation of the AUP.

Because this AUP is both lengthy and detailed, some key takeaways are provided for ease of reference:

- ***Be ethical and courteous*** – When using the St. Monica Computer network or St. Monica provided technology
 - Do not send hate, harassing, or obscene mail;
 - Do not use discriminatory or obscene remarks;
 - Do not access, process, or distribute inappropriate or obscene pictures, videos, or other materials;
 - Do not demonstrate other antisocial behaviors.

- **Safety** –
 - Do not give out personal information such as home address, telephone number, or the name and location of the St. Monica without a teacher’s permission.
 - **Immediately tell** a St. Monica faculty or staff member or a parent if you come across any information that makes you feel uncomfortable.
 - Protect the security of any passwords issued to you.
- **Protect & Preserve** -
 - Maintain the integrity of files and data and equipment.
 - Do not destroy, modify or abuse the hardware or software in any way.
 - Do not develop or introduce viruses, worms or other programs that potentially damage software components or computer systems.
 - Use the network in a way that does not disrupt its use by others.
- **Respect Others** -
 - Treat information created by others as the private property of the creator. Respect copyrights.
 - Do not modify or copy files/data of other users without their consent.
- **Pursue Knowledge** - Use the St. Monica Parish School Network and the Internet for legitimate educational purposes only.

Violating the AUP may result in one or more of the following:

- Restricted access to the St. Monica Computer network and St. Monica provided technology;
- Loss access to school email accounts, SchoolSpeak and cloud storage provided by, through or accessed at the St. Monica;
- Internal school disciplinary action up to expulsion;
- Legal action including, but not limited to, criminal prosecution under applicable state and federal laws.
